Welcome Remark

Assalamu'alaikum warahmatullahi wabarakatuh,
Salam sejahtera bagi kita semua,

Dengan penuh rasa syukur dan kebanggaan, kami sampaikan bahwa **Forum Endokrinologi Nasional (FEN)** telah memasuki penyelenggaraan yang ke-13, bersamaan dengan **Pertemuan Ilmiah Tahunan PERKENI 2025**. Kegiatan ini merupakan salah satu program unggulan dan agenda tahunan Perkumpulan Endokrinologi Indonesia yang telah menjadi bagian penting dari perjalanan organisasi dalam mewujudkan visi dan misi kami.

Tahun ini, acara ilmiah ini mengusung tema: **"Advancing Clinical Practice and Exploring Emerging Trends in Endocrinology and Diabetes"**. Tema ini mencerminkan komitmen kita bersama untuk terus mendorong peningkatan praktik klinis serta membuka wawasan terhadap perkembangan mutakhir di bidang endokrinologi dan diabetes.

Forum ini bukan hanya sekadar ajang pertemuan ilmiah, tetapi juga merupakan wujud nyata dari upaya PERKENI dalam meningkatkan kompetensi para sejawat, khususnya anggota PERKENI, serta memperkuat jaringan kolaborasi antara para dokter di seluruh Indonesia. Kegiatan ini sejalan dengan amanah yang tertuang dalam Anggaran Dasar dan Anggaran Rumah Tangga (AD/ART) PERKENI, yaitu menjadi wadah pengembangan ilmu pengetahuan, peningkatan profesionalisme, dan penyebarluasan pelayanan endokrinologi yang merata di seluruh penjuru negeri. Kami berharap, melalui kegiatan ini, semangat keilmuan, kolaborasi, dan pengabdian akan terus tumbuh, sehingga pengelolaan masalah endokrin dan metabolik di Indonesia dapat dilakukan secara lebih optimal, merata, dan berkesinambungan.

Terima kasih kepada semua pihak yang telah mendukung terselenggaranya acara ini. Semoga kegiatan ini membawa manfaat yang sebesar-besarnya bagi kita semua, bagi kemajuan ilmu kedokteran, dan tentunya bagi kesehatan masyarakat Indonesia.

Wassalamu'alaikum warahmatullahi wabarakatuh.

Salam hormat,

Ketua Umum Perkumpulan Endokrinologi Indonesia

Prof. Dr. dr. Em Yunir, SpPD, K-EMD

Abstract Submission Guideline

The abstract submission will be divided into 3 categories:

- A. Case Report
- B. Original article
- C. Literature review

1) STRUCTURE

- Title: Maximum of 120 characters (including space).
- Author: The number of authors is not limited.
 - Contents Case report consists of background, case illustration, discussion, conclusion, and references.
 - Original article and literature review consist of background, objective, method, result, discussion, conclusion, and references.
- Word count: Maximum of 250 words (for the whole abstract).
- Language: English

2) SUBMISSION GUIDELINE

- Abstract submission is open online until 1 JULY 2025 (GMT +7) at <https://fen.pbperkeni.or.id/abstract>.
- All abstracts must be submitted in English exclusively via the online abstract submission system.
- AUTHORS – FIRST (PRESENTING) AUTHOR – The first author will be the presenting author. The first (presenting) author is expected to register and pay the full registration fee, attend the Congress and make the presentation.
- Please provide an accurate email address and handphone number for the first (presenting) author. Abstract submission results and abstract-related correspondence will be sent by email to the first author.
- Authors can submit a maximum of 5 abstracts and they can serve as the first author of 3 submitted abstracts at most. Among the 3 abstracts, they can present a maximum of 2 abstracts that are of the same presentation type.
- CO-AUTHOR(S) – A maximum of five co-authors are allowed for each abstract. Type in the names and affiliations as you would like them to appear in any publications. Please give the names in full for each of the co-authors. Initials are only accepted for middle names if any.
- The ABSTRACT TITLE must be concise. Avoid using abbreviations in the title.
- Abstract content for ORIGINAL ARTICLE and LITERATURE REVIEW (excluding title, authors, highest degrees and institutions) should include the following headings: INTRODUCTION, METHODS, RESULTS, DISCUSSION and CONCLUSION. The abstract must not exceed 250 words. Do not include graphs, tables, images or references in the abstract.
- Abstract content for CASE REPORT (excluding title, authors, highest degrees and institutions) should include the following headings: INTRODUCTION, CASE REPORT, DISCUSSION and CONCLUSION. The abstract must not exceed 250 words. Do not include graphs, tables, images or references in the abstract.
- Please define each abbreviation the first time it is used in the abstract by placing what it stands for in parentheses.
- It is the author's responsibility to submit an abstract with correct spelling and grammar. The Selection Committee, however, reserves the right to edit the abstract if it has significant spelling and grammatical mistakes.

Visit our Website

www.fen.pbperkeni.or.id

Abstract Submission Guideline

- All successfully submitted abstracts will be acknowledged with an electronic receipt with an abstract reference number, which should be quoted in all future correspondence.
- The Selection Committee strongly recommends that authors submit their abstracts as early as possible to avoid a last-minute rush and system congestion. Kindly note that only the latest version will be reviewed.
- Late submissions will NOT be considered.
- Submitted abstracts will be peer-reviewed by the Selection Committee. The review process is confidential and the decision is final.
- Authors will be notified of the abstract selection results no later than 1 July 2025
- Authors may be given the option to change the format of their presentation as a condition for acceptance.
- The 13rd National Endocrinology Forum holds the copyright to all the materials presented at the Congress and may reproduce the materials in any form for distribution.

3) FREE PAPERS

- Please select the right category for the abstract.
- Free paper submissions include an oral presentation. Any accepted authors will need to present a talk of 8 (eight) minutes for the presentation, with an additional 2 (two) minutes for questions and answers with the judges and the audience
- Presentation materials should be in ppt or pptx format
- If 'Free Paper' is selected to be the first preference, and the secondary preference 'E-Poster' is chosen, authors will have the opportunity to have the abstract reviewed for e-poster presentation in the event that it is not accepted for free paper presentation.
- Author must upload the Papers to the congress system by 1 July 2025.

4) CHECKLIST

- Before submission, please check:
- If the abstract has a concise, descriptive title;
- If the study has sufficient data leading to conclusive outcomes;
- If the abstract states clearly the purpose, methods, results and conclusions of the study;
- If the study is conducted in a methodologically correct way;
- If the abstract is proofread and/or edited by a native speaker of English;
- If the abstract is within the word limit;
- If financial disclosures for each of the authors are made.

5) ONLINE SUBMISSION

- Submit your abstract now via the <https://fen.pbperkeni.or.id/abstract>.

All abstracts accepted in the congress will be published in the supplementary edition and have a chance to published full text (case report, original article, and literature review) in **Indonesian Journal of Endocrinology Metabolism and Diabetes (InaJEMD)**.
